DECLARATION REGARDING AMENDATORY MATERIAL

Commissioner for Patents
Box Non-FEE AMENDMENT
Washington, D.C. 20231

Sir:

I, M. Scott McBride, declare that:

1. I am a registered patent attorney who represents the Applicants for the above-identified application.
2. I have reviewed and understand the contents of the above-identified application.
3. The above-identified application has been amended to explicitly recite material that was previously incorporated by reference. In particular, the application has been amended to include nucleic acid sequences and amino acid sequences, which were previously incorporated by reference to Oikawa et al., Biochem. Biophys. Res. Commun., 146:464-460 (1987) and Berling et al., Cancer Res., 50:6534-6539 (1990). Because this amendatory

material is the same material that previously was incorporated by reference, the insertion does not add new matter into the application.

4. I further declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon, or any patent to which this declaration is directed.

Respectfully submitted,

Date 10/23/03

By M. Scott McBride
